Symptoms of a Diseased Liver. DAIN in the right side, under the edge I of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder-blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for a rheuma the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory. accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death,

has shown the LIVER to have been extensively deranged. AGUE AND FEVER. DR. C. MCLANE'S LIVER PILLS, IN CASES OF AGUE AND FRVER, when taken with Quinine, are productive of the most happy results. Kansas City Adjustable SPRING BED.

Especially adapted for the use of the Sick, but good for the Healthy, too.

The Kansas City Adjustable Spring Bed is used in Decatur by Gen. J. H. Moore, Dr. W. H. Mitchell, C. A. Carter, and others. Mr. Carter says:

I have tried a great many spring beds; this one gives me more comfort in my sichness than any apring bed lever used. I have been sick between two and three years, during that time I have used other spring beds, and thought I could gain some ease. The Kausas City Adjustable Spring Bed Bottom gives more comfort; it is perfectly well adapted to all classes—the sick and the well. I would recommend the Spring Bed above all others, and that every family should at least have one of them. In case of sickness, the head rosty position desired.

The Kansas City Adjustable Spring Bed is manufactured by the undersigned, on NORTH BROADWAY, opposite Lorb's Foundry. Orders filled promptly.
